FOR IMMEDIATE RELEASE

CALTRANS UPDATE ON STATE ROUTE 330 PROJECTS

SAN BERNARDINO - The California Department of Transportation (Caltrans) District 8 has awarded projects to three separate contractors for improvements to State Route 330 (SR 330). The projects will install new guardrail at nine locations, reline and repair eleven existing culverts and repave the route between State Route 210 (SR 210) and Running Springs.

PROJECT	WORK SCHEDULE/ LANE CLOSURES	START DATE	COMPLETION DATE
Midwest Guardrail Systems Guardrail Project	Monday through Friday 7:00 a.m. to 4:00 p.m.	Monday, September 19	Expected to complete by end of 2016 (weather dependent)
Dream Builders Culvert Project	Monday through Thursday (shoulder closures only on Fridays) 8:00 a.m. to 3:00 p.m.	Monday, October 3	Expected to complete by end of 2016 (weather dependent)
Cal-Mex Engineering, Inc. Paving Project	Monday through Thursday 8:00 a.m. to 5:00 p.m. Friday 8:00 a.m. to 4:00 p.m.	Began late August	Expected to complete by end of 2016 (weather dependent)

Traffic control, or flagging, will be necessary for all three projects, Monday through Friday between 7:00 a.m. and 4:00 p.m. The contractors will be working at various locations along SR 330 at the same time eventually, therefore, **motorists can expect delays at flagging locations.**

Motorists are advised to add time to commutes if they use SR 330. Motorists driving to Big Bear are encouraged to use State Route 38 (SR 38) from Redlands, as a detour to avoid delays.

Advisory signs are posted in advance of the work zones. Please reduce your speed when you encounter flaggers or work crews. The California Highway Patrol will be on site to ensure the safety of the workers and motoring public.

#16-138b

In addition to the three projects above, Caltrans Maintenance crews will be closing SR 18 through the Arctic Circle in early October for three weeks during daytime hours (refer to press release #16-180). The paving project on SR 18 from Green Valley Lake to Lakeview Point (in the Snow Valley region) has been suspended until spring/summer 2017.
